

Hello My Fellow Crafters,

April 2008 Vol. I

We are excited to have a Special Guest Artist from EK Success Susy Ratto, conducting two classes for us on Sunday, April 6, 2008. Susy is well known for her Pen Artistry and we are thrilled she will be at A Place In Time to share her craft. Take this opportunity to meet with Susy and learn pen artistry. Learn layering techniques to create beautiful lettering and art. We will also have Make and Take Projects conducted by Tina Chung of EK Success after each of Susy's classes. Come in and enjoy a Sunday of learning and crafting. We will have the Brushable Pen sets at 20% off for Sunday (4/6/08) only.

The Nestabilities are creating such a stir of excitement and Bill is enjoying teaching people how to adapt it to the Big Shot. Bill has cut and embossed one of the Nestabilities scallop ovals then went over with the Dreamweaver Pineapple stencil and created a great looking die cut ready to be mounted on a scrapbook page or greeting card. Way to go Bill, King of the Big Shot. Come on in and ask Bill for a demo on the Nestabilities. Remember they are 20% off only through Sunday, April 13, 2008.

Our collection of Stencils is growing faster than I can keep up. It would be better if there were 30 hours in the day so I can play more. I have been working with the Dreamweaver single Hula Girl and Luminarte colors and experimenting with color combinations to get the best dreamy combinations. I will keep you abreast of my progress. The A Place In Time designed stencils are just great with our new Squid, Volcano, Saimin Bowl, Crab and for those interested in military insignia's there are the Aviator, NFO and Ground Crew Wings! And if that is not enough, we can make the A Place In Time stencils as big as 24"x18" for maximum impact.

The latest Jolee's are in stock like the brown fuzzy Teddy Bear, bejeweled pink Tiara, cutest Cupcakes, best looking Peanut Butter and Jelly sandwich, Twin stroller, bucket of champagne for a Toast, a well filled Passport Holder and a Stephanotis bouquet to name a few.

The new embellishments for Dove of The East are here with new gold spun ribbon, bamboo buttons, Russian design filigree and awesome clear stamps of India, Russia, China and Japan.

We have the new Khaki covered album from Memories in Uniform as well as their new color stickers. The Khaki cover of the album is completely removable to enable attaching of memorabilia like rank stripes or bars, medals and pins. You can sew, glue or pierce through the material. The album becomes a very personal treasure of memories.
