

Little Scraps of News
December 2009 Vol. 2

Aloha Fellow Crafters,

New to the store are the ¼ oz size containers of Art Institute Glitter. We have them in the extra sparkling Holographic glitter in C3 (gold), Red Dwarf, R2 (Silver), Quark (Green), in the ultrafine we have two shades of green, gold, black, red and silver. To make sure we had enough White, there are the regular ½ oz containers of Crystal and Pearlescent, also Fantasy Film in Satin and Aurora.

We have the Memento dual tip ink pen sets in; Juicy Purples, Ocean, Arizona Canyons, Campfire, Greenhouse and Girls Night Out. Fabulous colors to apply with either the brush tip or fine tip. We used several pens for the Craft-a-tizer holiday greeting card.

Now for tomorrow, Sunday, December 13, 2009, for the Make and Take It project, I thought we should do a little recycling and

paper cutting, a little effort with grand results.

I guess we have some very shy customers. With the amount of Ginger Bread People we sold we were looking forward to few more making their way back to the store. However the ones we do have are absolutely awesome! Come by to vote for your favorite Gingerbread project, you will be happy you did.

Season's Aloha by Debbie West
6:30 pm to 8:30 pm
Cost: \$25.00*

What a great gift this project would be. Claybord is a fun medium to work on; the coloring technique used for the background becomes very vibrant. You can also carve the Claybord for added dimension. You may bring a different stencil design to work with if you do not want to do Season's Greetings. Supplies are provided, including the frame, Claybord, glitter, crystals, and ink. Please bring your own TWEEZERS.
