

Hello My Fellow Crafters,

February 2008

CHA is just a few days away and the excitement is building. Bill will be in the store as usual to help you with your crafting needs. Please be sure to drop by the store to see what he is 'up to' while I am away, I know he has something 'up his sleeve'.

We received the fun and cute glittered papers for Valentines, Spring and Easter from Imaginice with the matching Hawaiian penguin stamps and stickers. We also have our very own A Place In Time newly designed stencils of Diamond Head, Mermaid, Honu, Fuchsia Bonsai, Pine Bonsai, Floral Heart, Calla Lilly Heart, Plumeria Branch, Torch Ginger, Bird of Paradise, Hibiscus, Dolphin and Octopus. For you Navy and Marines we have newly created stencils of the wings for the Aviator, NFO and Ground Crew, with the them you can emboss cards, envelopes, etc. Since the designs are already in our database there are no set up fees if you choose to have us engrave the images on a memento. Also remember we have different size Heart box dies to make beautiful Valentine Boxes for that special someone.

Be sure to sign up for Fran Kawakami's very original Acrylic Album, one of the hot new ways to scrapbook. In this class you will stamp, paint, rub-on wonderful designs to match the Autumn Leaves paper used in this clever clear scrapbook to give as a gift or to keep. It is so awesome to see through the entire album, but you have to turn the page to see the next photo.
