Little Scraps of News
June 2010 Vol 3

Aloha Fellow Crafters,

Just when I sent the last news letter out the most adorable Imaginisce sea creatures arrived so I could create the Father's Day Make and Take project. Now the rest of the fabulous Creative Imaginations Oceana order arrived with the very vibrant blues, purple, greens and orange colors. Other than the foil and laser cut all the papers are double sided. So it is really easy to choose which ones you want, TWO of Everything!

The goodies kept arriving with the mail carrier delivering a box of 10 Seconds Studio newly designed templates and colored metal! Oh my dancing feet be still. I am picturing a project with a one of a kind journal cover or a one of a kind drinking mug cover, or a fabulous tin box cover... Sometimes my mind goes to the outer limits and I have to wait till it comes back to earth.

Makana finished her next class samples and it was a challenge to keep from stamping all the paper.
